

## We're the First

The First Judicial District Bar Association encompassing Jefferson and Gilpin counties has served attorneys in the greater Denver area for more than 50 years. Our name dates back much further, to the territorial era.

We're the *First* Judicial District because Golden was the capitol from 1862 to 1867 when The Colorado Territorial Legislature created the judicial districts. Denver did not become the capitol city until December 9, 1867.

Today, the 1st JD Bar Assn. serves more than 800 members. While most work or live in Jefferson or Gilpin county, a substantial number practice in Denver and other Metro counties.
